

"For the First Time in Years, I Slept Like a Baby!"

For years, my loud snoring drove my wife crazy. *The only way she could sleep was by waking me up!* It was a true nightmare. Neither of us slept more than an hour straight. Lack of sleep hurt our careers, family and children. It took the fun and joy out of our lives.

Then we discovered Sleep-eze, the scientifically engineered sleep aid that blocks out snoring, noisy neighbors, loud stereos, kids playing and more. Sleep-eze bathes our ears with peaceful, restful sounds that instantly cover up the most bothersome noises.

Now, we each wake up rested and refreshed each day. Even when we travel on noisy airplanes with roaring engines. Thanks to Sleep-eze, we've finally won the battle for a great night's sleep and peace of mind. We feel alive and happy again.

"Thanks to Sleep-eze, my husband and I sleep in the same room again. I only wish I had known about your company earlier!"

Sleep-eze is Natural, Safe and Drug-free

Sleep-eze is a battery-powered sleep aid designed by a professional audiologist who is an expert on hearing. Its advanced technology means that it fits almost invisibly in your ear, weighs less than one ounce and travels with you anywhere in the world! After just a

Say goodbye to tossing, turning, sleepless nights and interrupted naps. Awaken refreshed and ready to seize the day!

couple of minutes, you'll feel like there's nothing there at all. *Sleep-eze is not a drug, herb or pill and it never requires a prescription.*

Sleep-eze is Scientifically Engineered

Sleep-eze is what scientists call an electronic noise cancellation device. It generates its own sounds that hide or "cancel" outside noise—precisely the noise that makes it hard for you to sleep. Think of being at the ocean. You hear the waves, but not much else, even if there's quite a commotion going on.

"My roommate listens to music all the time. Now I can study at home when I use Sleep-eze."
